

# Mohammad Iqbal Elham

## Full Stack WEB DEVELOPER

+93765181256 | [iqbal.elham7@gmail.com](mailto:iqbal.elham7@gmail.com) | [GitHub](#) | [LinkedIn](#) | [Portfolio](#) | [Wellfound/Angellist](#)

## SUMMARY

Adaptable Full Stack web developer who prizes professional standards, clean code, and cross-cultural skills. Proven readiness for remote work and collaborative pair programming. Swift learner with a growth mindset, equipped to tackle diverse challenges. Proficient in Ruby, Python, React, and JavaScript, technologies honed through my experience at Microverse.

## SKILLS

**Front-End:** JavaScript, React, Next, Redux, HTML5, CSS3 (Bootstrap, Tailwind)

**Back-End:** PostgreSQL, SQLite, Python (Django), Ruby on Rails

**Tools & Methods:** Git, GitHub, Restful, Mobile/Responsive Development, Chrome Dev Tools

**Professional:** Remote Pair-Programming, Teamwork, Mentoring

## EXPERIENCE

Pro Futuro Consulting a.s.

**Software Developer**

Remote

Dec 2023 – Present

- Engaged in remote collaboration with Zoho, undertaking various projects that involved developing applications within the Zoho ecosystem.
- Specialized in Zoho CRM, Books, People, Inventory, and other apps to provide comprehensive and tailored solutions to clients.
- Leveraged expertise in Deluge Script programming language to develop custom applications as per client specifications.
- Actively participated in the end-to-end development of multiple projects, ensuring timely delivery and high-quality output.

Netlinks Inc.

**Software Development Intern**

On-Site

July 2023 – Dec 2023

- Developed and customized Odoo ERP modules using Python, tailoring solutions to meet specific business needs and improve operational efficiency.
- Managed PostgreSQL databases, ensuring optimal performance and data integrity for seamless integration within the Odoo framework.
- Collaborated cross-functionally to analyze, design, and implement solutions, providing technical support and training to end-users while maintaining a focus on data security and system reliability.

MICROVERSE  
**Mentor (Volunteer)**

Remote  
Dec 2022 – Present

- Mentorship of 4 junior web developers, providing hands-on guidance and technical expertise via comprehensive code reviews.
- Spearheaded improvements in code organization and architectural enhancements, resulting in heightened code quality and system performance.
- Instituted motivational strategies and insights to foster long-term program engagement, consistently guiding and inspiring junior developers to navigate challenges and maintain program longevity.

## EDUCATION

MICROVERSE

Dec 2022– Oct 2023

**Remote Full Stack Web Development Program, Full-Time**

- Spent 1300+ hours mastering algorithms, data structures, and full-stack development while simultaneously developing projects with Ruby, Rails, JavaScript, React, and Redux.
- Developed skills in remote pair programming using GitHub, industry-standard git-flow, and daily standups to communicate and collaborate with international remote developers.

Kateb University

**Bachelor's Degree, Computer Science**

Aug 2018– Jul 2022

- A study on the design, development, and analysis of software and hardware used to solve problems in a variety of business, scientific, and social contexts.

## Extra-Curricular Activities

**ACM International Collegiate Programming Contest (ICPC)**

Feb 2022

- Ranked fourth position out of 47 teams.

**Google Developers Student Club (GDSC) at Kateb University**

2020– 2021

- Core Team member.
- Helping students bridge the gap between theory and practice.
- Provided Seminars, Workshops, and mini-courses related to Google's technologies, such as Android Development.

**ACM International Collegiate Programming Contest (ICPC)**

2019– 2021

- Co-organizer and IT Technical.
- Building network topologies.
- Configuring the environment and other related works.
